

Calcul de limite

Calcul de $\lim_{x \rightarrow 0} f(x)$ et de $\lim_{x \rightarrow +\infty} f(x)$:

```
> f:=x->sin(x)/x;
```

$$f := x \rightarrow \frac{\sin(x)}{x}$$

```
> limit(f(x),x=0);
```

1

```
> limit(f(x),x=infinity);
```
